Orchestra, Advanced Band, Jazz Ensemble**

Correia Advanced Band, Jazz and Orchestra has been invited to be the training ensembles for the annual CMEA Judges Training Seminar. This opportunity will provide these ensembles with the unique opportunity to perform a "dry run" of their festival music while receiving mini-clinics from some of the best educators in San Diego County. These clinics will provide the students with important feedback that they can use to improve their performances for the upcoming festival/competition season. This is a graded activity.

This is a great honor and a terrific opportunity. Therefore, all students should plan on attending this event - and parents, you are invited to attend as well. It is always nice for students to perform for familiar faces in the audience.
