

### Instrument Care Reminders

Before putting your instrument back in its case after playing, do the following:

- Remove the reed, wipe off excess moisture and return it to the reed case.
- Remove the mouthpiece and wipe the inside with a clean cloth. Once a week, wash the mouthpiece with warm tap water. Dry thoroughly.
- Remove the neck and shake out excess moisture. Dry with neck cleaner.
- Drop the weight of the chamois or cotton swab into the bell. Pull the swab through the body several times. Return the instrument to its case.
- Your case is designed to hold only specific objects. If you try to force anything else into the case, it may damage your instrument.

- = Open
- = Pressed down

The most common fingering appears first when two fingerings are shown.
