## **How to Sign-up for Remind**

Remind offers teachers a free, safe, and simple way to instantly text student and parents reminders, assignments, assessments, or motivational messages directly to the students and parents phones. Messaging is safe because phone numbers are kept private. Teachers save time because they can send quick, one-way announcements. For students and parents, Remind provides an easier way to stay informed outside of the classroom.

Throughout the year, students will receive text reminders to their phones or email using this system. Students are required to sign-up for this free service and can choose to either receive texts or emails. Standard messaging rates apply so if students don't have phones or would rather receive free emails they can choose this delivery method instead. Parents are encouraged to sign-up for this system as well.
